IMPORTANT NOTES:

- **It is very important that you refer to our size chart when sizing your consumers.** Please do not rely on samples as an accurate sizing reference as they can grow in length after hanging on the rack for many months and stretch in size as they are tried on by your consumers.
- Our size chart reflects a body measurement, NOT a dress measurement.
- Our dresses have 1-1.5" of ease built into the patterns to allow for movement.
- The bust measurement on a strapless dress will be approximately the same as the bust measurement on the size chart.
- MATERNITY STYLES use bust measurement only.
- Please make sure to have your consumer's measurements taken by an experienced seamstress or tailor. They must pull the tape snugly against the body to ensure the most accurate measurement. **Consumers should not measure themselves!**
- Extra length is suggested for anyone 5'7" and taller*

placing an order

All retailers must place their orders using our online ordering system. You may access this by logging into your www.retailer-response.com account. Once you have logged in, you will click the 'reorder' tab located at the top right section of the navigation bar. If you require assistance with your login info or the online ordering system, please contact customer service.

SUPER RUSH:

If you would like to place a **super rush order**, please call customer service for approval and quote / availability.

ORDER CONFIRMATIONS

The Dessy Group sends confirmations via E-mail every day (real-time).

Retailers should expect confirmation on orders within 24 hours of placement.

It is very important for all retailers to check confirmations on every order placed.

If you do not receive a confirmation, please contact customer service immediately as there may have been a problem with your order.

DISCONTINUED STYLES

Requests for discontinued styles are handled on a case by case basis. **If we are able to accommodate the order there will be a surcharge of \$40/dress.**
